

Has modern schools and churches, paved streets, water, gas and electric accommodations, convenient trolley service, high and healthful location, varied employment for labor and many other residential advantages.

Offers exceptional advantages for the location of new industries: Free factory sites, cheap and abundant fuel, direct shipping facilities and low freight rates and plentiful supply of laborers.

Everything in Readiness for Reynoldsville's Two-Day Celebration.

From Early Dawn of Friday Morning to the Last Minute of Saturday

THE EAGLE SCREAMS

Monsulla and Russell and the Monte Myro Troupe Each Give Two Thrilling Free Exhibitions Daily and a Varied List of Athletic Events Fills Up the Local Program.

As previously stated in this paper the two-day celebration at Reynoldsville this week, July 3rd and 4th, will eclipse any other celebration in this section. Any one of the free attractions booked for Friday and Saturday is worth coming miles to see and we are sure that a big crowd will be in town both days, especially July 4th.

The two-day celebration opens with a band concert at 10.00 a. m. Friday, and that is followed with a hurdle race, 100 yard dash and an Italian bicycle race in the forenoon; at 1.30 p. m. industrial parade followed with free act by Monte Myro Troupe, ball game, shoe and stocking race, free act by Monsulla & Russell, and after supper there will be free acts, fireworks and dance.

The program July 4th begins at 9.00 a. m. by booming of cannon, followed by band concert, potato race, automobile race and old men's race in the forenoon.

At 1.30 p. m. band concert, followed with free act by Monte Myro Troupe, wheelbarrow race, exhibition fire run, ball game free act by Monsulla & Russell, half mile race, &c.

At 6.45 p. m. band concert, free act by Monte Myro Troupe, band concert, free act Monsulla & Russell, band concert, fire works, dance in I. O. O. F. Hall.

Monsulla & Russell are clever acrobats who perform seemingly impossible feats in the air. The most remarkable of these feats is the slide for life by Mlle. Russell, fearless female acrobatic performer. From the top of one of the highest buildings in Reynoldsville a wire is stretched to the ground on an angle. A hangman's noose is securely fastened around Mlle. Russell's neck and the other end of rope is tied around the wire. She leaps from the top of building, is caught by the rope around her neck and slides safely to the ground. Monsulla & Russell will give performance on ball ground in afternoons and at I. O. O. F. buildings in the evenings. Mlle. Russell will slide from top of tall tree on ball ground.

The Monte Myro Troupe, in their celebrated comedian acrobatic act, the Eagle Inn, is a humorous and difficult performance. They turn things inside out and upside down in the Eagle's Inn, which is done so quickly that you wonder at it after it is all over.

It will not be necessary to spend a large amount of money to see the celebration at Reynoldsville as everything, unless it is the ball game, is free. Of course if any person comes to town that day that insists on spending money there will be places where you can be separated from it, but it will not be for admissions to see the long list of amusements that has been provided for by the Hope company, under whose auspices the two-day celebration is held.

Big Lumber Contract on Upper Medix Run

Goodyear Company Has 700 Men Working on Job.

The Goodyear Lumber Company has installed nine camps of 75 men each on its 200 acre tract of land on the Upper Medix Run, Clearfield county, and by the fall of 1909 not a stick of the 90,000,000 feet of hemlock and 20,000,000 feet of hardwood will be left standing. A combined force of 700 woodsmen will be engaged on the job. A tramway 20 miles is being built, over which the lumber will be hauled to the Low Grade division of the Pennsylvania railroad. The Goodyear Company has contracted with jobbers to cut and stock 40,000,000 feet this season and 50,000,000 feet next season. This will do away with the hemlock and pine. The hardwood has been sold to a New England firm and will be used to make bond paper for the government. The Upper Medix Run tract has been owned by the Goodyears for 15 years, but owing to the fact that it was isolated from the railroads the big belt has been left standing. The surveyors and carpenters who laid out the camps on the tract in a week's time drove out 40 deer and at least half that many black bears, while the entire region abounds with smaller game.—Brockwayville Record.

Ladies come in and see our line of jelly glasses. Bing-Stoke Co.

Fall Creek to Have An Industrial Boom

Promoters Promise Employment for 1,000 Men.

One of the biggest and most important deals that has been consummated in this vicinity in a long time was closed this week when papers were signed giving control of 140 acres of land at Falls Creek to M. L. Thomas, a Rochester, N. Y., capitalist. Mr. Thomas' intentions in acquiring control of this valuable tract is to at once make it the location of several industrial establishments and open up a portion of it for building purposes.

Two concerns are ready to put in factories that will employ 300 men at the start and have 1,000 men on the payrolls within two or three years. The proposition is the largest that has ever come up to any community in this section and means the addition of several thousand people to the population and the enhancement of values. This site has been selected only after an exhaustive examination into not only the availability of this but dozens of other places.—DuBois Express.

Barefoot sandals, price 45c, 50c and 65c at Adam's.

Gents come in and see the \$15.00 suits which we are going to sell for only \$10.00 Thursday after supper. Bing-Stoke Co.

Affairs of American Silk Co.

Financial Figures of Interest to Reynoldsville Stockholders in the Corporation.

The American Silk Co., which has an outstanding capital stock of \$7,174,000, and which went into the hands of the receivers in November last, resumed business this week under the direction of its officers. M. G. Collins has been re-elected president and Richard Franckel treasurer. The control of the company will be in the hands of seven directors, consisting of two selected by creditors and five by the stockholders.

The company will operate the Clifton Silk Mills, Weehawken, N. J., Monarch Silk Co., York, Pa., and the Reynoldsville, Pa., Silk Mill. It also owns the controlling interest in the York, Pa., Silk Manufacturing Co., and plans have been agreed upon whereby the outstanding stock of the York will be purchased by the American Silk Co., thus giving the latter the entire ownership of the York.

It is also stated that arrangements have been made with one of the largest raw silk importing houses in New York to supply the American Silk Co. with all the raw silk required in the operation of the various mills. This credit, together with the cash working capital now on hand, will enable the company to operate all its mills with an annual capacity exceeding \$5,000,000.

The company is paying all claims under \$1,000 in full. All other creditors will receive 25 per cent in cash at once, 25 per cent in six and twelve-month notes and 50 per cent in 6 per cent three-year bonds. The liabilities of the American Silk Co. consist of: Bills under \$1,000 each, \$21,836; bills and accounts over \$1,000, \$429,255; receivers' and legal fees, estimated, \$30,000; total, \$481,191. Claims for depreciation on contracts for raw silk not delivered to company, \$160,981. At the present time there is issued and outstanding: Preferred stock, \$3,152,400; common stock, \$4,022,100.—Boston (Mass.) Commercial Bulletin.

Institute of Mining.

The first local institute of the workers and those interested in mines and mining will be held in the Y. M. C. A. rooms in this place July 14. John H. Fulford, superintendent of the operations of the Erie company in the soft coal field, will make the opening address. The institute will discuss the question of future meetings, subjects for the program and other matters as they come up. The meetings are open to all men in any way interested in bituminous coal mining. These local meetings are designed to come in between the sessions of the district institutes and will be held six or more times a year at different points in the mining region and be auxiliary to the larger organization. First aid to the injured is one of the subjects on which the men will be instructed.—DuBois Express.

Come and buy a cheap hat at Mrs. S. V. Hays'. All hats reduced to cost.

Big reduction in hammocks. Thursday after supper sale. Bing-Stoke Co.

INDUSTRIAL PARADE

ON THE FOURTH WILL BE LONG AND INTERESTING.

List of Those who Have Announced Their Intention to Put Floats in the Parade.

It is expected that a large number of the town will be represented in the industrial parade Friday afternoon. Parade forms on Fourth st., right and left, march up Main to Seventh, down Seventh to Jackson, down Jackson to Fifth, up Fifth to Main, down Main to P. R. R. station, counter march up Main to Fourth and disband. Postmaster E. C. Burns will be chief marshal.

Following is a list of the business men who will be represented in the parade:

 - Hughes & Fleming.
 - George Hartman, drayman.
 - Burns' Ivory stable.
 - I. D. Kelz, photographer.
 - Lodges.
 - Fire Companies No. 1 and 2.
- And probably many others who have not yet arranged with the committee.

Revolt in Ranks of County Democracy

A. C. Smith Will Contest for the Commissionership.

At the April primary election the Democrats only nominated one candidate for county commissioner, and it was thought then that there would only be one Democratic candidate for that office at the fall election, but A. C. Smith, of Brookville, has taken out nomination papers on the Democratic ticket for county commissioner, which means that the Democrat party will have two candidates in the field this fall for county commissioner. E. T. McGaw, one of the present board of county commissioners, who was given the Democratic nomination at the April primary for second term, is a strong candidate and will make a good run at the fall election.

Big Black Bear.

While coming down from his farm in Warsaw township the other day Mr. Geo. W. Stewart was surprised to find a splendid specimen of black bear walk calmly across the road a few rods in advance of him and disappear into the underbrush. Mr. Stewart is of the opinion that if properly protected the abandoned woodlands of the northern end of the county would speedily become splendid game fields, there being a variety of game birds and animals therein.—Brookville Republican.

It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For stomach, liver and kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at Stoke & Felcht Drug Co. drug store. 50c.
